BME590: Machine Learning and Imaging Data Permission Form
April 14, 2020

This form is to grant permission to the instructor (Roarke Horstmeyer) to share (or not to share) the website template and annotated data that you generated for the final class project, in any way that you see fit (see the various options below).

If you have completed the final project with a team, please consult with your team to agree on what you'd like to share, if anything!

Thanks,
Roarke

Website Template (please check one):
___ I/we grant permission to post the website template on a publically viewable webpage

_X_ I/we grant permission to post the website template on a webpage that will only be viewable by Duke students who take this class in upcoming semesters

___ I/we do not grant permission to share the website template

Annotated Data (please check one):
___ I/we grant permission to post the annotated data we used for our final project on a publically viewable webpage

_X_ I/we grant permission to share the annotated data we used for our final project with Duke students who will take this class in upcoming semesters

___ I/we do not grant permission to share the annotated data we used for our final project

Title of Project:

MosquitoNet: A Deep Learning-Based Classifier for Mosquito Identification

Names of Team Members

Jay Gupta

Aliza Kajani
